

Conservation Courses at Wildwood

Saturday 26th January Skull Preparation Course

Hands-on course for bones enthusiasts. How to prepare a mammal skull for education or reference use, plus what skulls can tell us about the age, gender and health of their former owners. Animals to prep are likely to be a rabbit or a water vole, but participants are able to bring a specimen of their own in to prepare if preferred.

**Info: Call the conservation team on 01227 711 471
or email: courses@wildwoodtrust.org**

Tutor: Anne Riddell 10.30am - 4.00pm £30 per person

To book, visit our online shop at wildwoodtrust.shop
